

ATHENÆUM SOCIETY
OF NOVA SCOTIA

Titanic after 100

Discoveries and the Legacy of the Ship of Dreams

A presentation by

Steve Blasco PhD

Marine engineering geophysicist,
Bedford Institute of Oceanography

Dr Blasco was chief scientist of the joint Canada-US-Russia scientific-commercial expedition to film the Titanic wreck site.

All are welcome. Q & A. Refreshments to follow. For more info, call 228-2059

Sunday, 15th January 2012, at 2:30pm
